Skit: M&M' On The Park Bench Skit

Have an attractive girl sitting on a chair with an empty chair next to her. A studly guy comes in to pounding music. Sits down. He puts the moves on her, no dice. He leaves. Nerd comes in to twinkly music eating LOTS OF M&M's. He puts dorky moves on. Girl responds. He gives her a long kiss. When they sit up, look at audience, she smiles and chocolate syrup she's had in mouth all along, oozes out, down face.
